The time is not yet ripe for the Highlanders to win two games in succession. Twice this year they have won one in succession, but that's as far as they have going on the road to the pennant. The Washingtons beat them yesterday and also shut them out. Groom, always a tough man for the New Yorks to beat, opposed them, and the whitewash which befell them was their third this season. The White Sox and Red Sox are having a close scrap for first place. Both won yesterday, the White sox blanking the Detroits, an ! the Red Sex taking another game from the cham-pions. The Clevelands, after a losing eak, beat the Browns.

Washington, April 27.—Clark Griffith, manager of the Washington club, paid back Harry Wolverton in his own coin to-day by sending Bob Groom against the Highlanders. The Nationals won, 5 to 0, largely because Groom had one of his good days. The lanky flinger was just as much of a puzzle to the visitors as was Jack Quinn to the Nationals in the first game of the series. Incidentally it might he mentioned that Groom has beaten New York more often than any pitcher in the

Caldwell started nicely. During the first five innings he allowed but one hit and not a man reached second base, but in the sixth the big blowoff came. Everything Caldwell served up was hit on the nose and he was yanked after four runs had been scored in favor of Southpaw Koff, who not only stopped the slaughter but pitched such good ball during the remainder of the contest that Washington could not touch him.

Little Eddie Foster, at one time a member of the Hilltop clan, was the hero of to-day's battle. The midget cleared the bases with a smoking home run drive to the left field bleachers in the sixth and ded his position perfectly.

Heavy showers in the morning put the narily the game never would have been played, but Griffith's team is going at top speed right nown and the Old Fox was anxious to tackle the Highlanders before that club could muster its full strength. Griffith insisted upon playing in spite of the fact that but a handful of people

t. Hal Chase, suffereing from a cold, asked to be excused and his place was taken by Simmons, the Rechester recruit, who filled the bill nicely. Tailies Thrice.

51. Louis, April 27.—The veteran John Powell lost a tough battle to Cleveland here this afternoon, mainly because he made two wild throws in the eighth inning, allowing Harry Davis's crew to register the winning taily. The final score was 3 to 2.

Paul Krichell was also partly to blame for the Browns' loss of the opening game of the series through a bad piece of base running, when he was nipped at the plate in the fifth round.

Hard Luck Powell twirled cleverly with the exception of the fourth round, when he was touched for four of the Naps' total of seven hits during the game. The high class support given Kaler throughout the game by the Naps was responsible for his being nicked for only seven scattered wallops.

RED SOX FINISH IN FRONT. Hit Ball Hard and Consecutively is

Eighth. Boston, April 27 .- Boston topped the Athletics once more, winning out in the eighth inning to-day. Brown had gone through the game in grand style, while his Athletic teammates accumulated five runs off Joe Wood. Boston had three runs opening the eighth. Then a base on balls, opening the eighth. Then a base on balls, Speaker's single, Bradley's unexpected sacrifice, Gardner's triple and Lewis's double netted three runs and the game. Speaker starred, making a run killing throw from centre, fielding well and hitting at the right time.

SPRINKLING POT VS. SPORT.

Rain Prevents Numerous Contests in Local Area

The celestial water pot was overturned yesterday and interfered widely with sporting contests in a local area. Numerous planned activities in various branches of competition suffered from the untimely visitation, and what would have been an important and extensive day in athletic contests was cut up considerably. Some of the contests that were held were partly spoiled by the rain, while a good many were called off en-

All of the Connecticut League games were postponed, but Yale and Georgetown managed to sneak in their game at New Haven. The rain didn't extend far into New England and didn't prevent the New England League clubs from clashing. It did, however, prevent all international League contests except in Providence.

The big Pennsylvania relay carnival, one of the most important college functions of the year, was held, but under conditions which interfered greatly with good sport. Golfeis also were much inconvenienced by the aqueous affliction. Most of the proposed tournaments hereabout did not take place. The Rockaway race meet was held under decidedly uncomfortable conditions.

PHILADELPHIA, April 27.-Runners and jumpers of the East proved great mudders to-day and effectually squelched the Western division at the eighteenth relay games, of the University of Pennsylvania held on Franklin Field. Bad weather marred the meet for the first time, but it did not prevent 10,000 persons sitting through the rain on open stands and urging the athletes on with

open stands and urging the athletes on with cheers.

Toward the end of the afternoon the rain stopped and with the rift in the clouds came the announcement that A. L. Gutterson of Vermont University had leaped 24 feet * of an inch from a muddy and slushy takeoff in the running broad jump. Other performances gave promise of good Olympic timber, but the Vermonter's efforts under the discouraging circumstances caused experts to gasp. Had the officials not been the best in the country the wonderful work of the Green Mountain athlete would have been received with incredulity. The value of the performance may be estimated by the fact that Wasson, Notre Dame's crack jumper, was second with 21 feet 0½ inches. How far Mr. Gutterson can jump on a fine day may be a pleasant occupation for foreign athletes to figure out before the Olympic meet.

The feature of this event more was defeated by the Cadets to-day was the running of Meredith, the Mercers-by a score of 3 to 1. It was the finest exhibition of baseball seen here this sea- quarter in 50 1-5 seconds and was the subject of inquiry on the part of college trainers with Illinois in the mile and Michigan in speed of the Easterners, taking second

place, however, in each event.

The first important relay race was the one mile freshman, to which only Princeto.a and Penn sent teams. It was the closest one of the day and after three relays Luke of even terms for the final quarter.
